Please note that since grades 3 to 8 have completed most of the SA2 papers, the marks and reports of these tests will be shared by the class teachers via an 'Online' meeting. The subjects for which SA2 was cancelled, students 'Average' grades will be awarded proportionate to various components such as subject enrichment activities, multiple assessments, notebook work, etc. as prescribed by CBSE and also on marks scored in earlier assessments. Teachers will soon share the details about the same.

For further reference please find link to our earlier circular. [Click Here](#)

Kindly note that details about entry level tests will be shared by the teachers too shortly.

Regards
