JSS PRIVATE SCHOOL

Grades 1 to12

JSSPS/CTP/PO/GEN/30/19-20

12 May, 2019

Dear Parents,

The important thing in science is not so much to obtain new facts as to discover new ways of thinking about them. ~William Lawrence Bragg

The Science department of JSS Private School is organizing 'Science Week' from 20th to 23rd May for the students of grades 1 to 12. This is to create a conducive environment for our students to inculcate a scientific nature and harness their skills which will go a long way to make them well equipped citizens of the world. During this week there will be many opportunities for students to explore the world of science.

The following is an overview of the event:

Grades 1to 5 - to be a scientist, quiz competition, science experiments

Grades 6 to 8 - the journey of a scientist, Dumb charades

Grades 9 to12 - Just a Minute (JAM), Debate (Turncoat), Problem solving activities

On the final day i.e. May 23rd the finals of the inter house quiz competition will be held. In addition to this, there will be a science talk, and the culmination of all the activities showcased during the science Fair.

We request your whole hearted support to encourage your children to make use of this opportunity to express themselves and learn about Science in a fun way.

Further details of the flow of various events will be shared by the respective class teacher.
