

مدرسة جيه اس اس الخاصة
JSS PRIVATE SCHOOL

Grades 9-12

JSSPS/CTP/PO/GEN/44/17-18

Date: 19 June, 2017

Dear Parents

This year is sure to be the most competitive year of all, with high school students, seeking college admissions and aiming for higher grades along with answering competitive exams. One of the most important and crucial aspects that will define the future of our senior students is the internship. Summer internship provides an opportunity for students to gain college credit, which the admissions departments in colleges and universities look for in tandem with extracurricular activities and field experience gained over the years.

WHY ARE SUMMER INTERNSHIPS IMPORTANT?

Summer internship is important, as it provides students with a look into the real-world. They get a front row seat to a potential career choice. An internship provides hands on learning experience for young people. They go into the internship thinking they want to work at a specific company or in a specific industry- they come out of the internship either confirming those thoughts or deciding to pursue something completely different.

The idea is that they get to know now rather than when they graduate. So many people get into jobs they dislike after graduation and **INTERNSHIP** is a way to prevent that. Students leave internships with a rolodex of professional contacts that can help gain future employment.

Students of JSS Private School need to adhere to the following rules during internship:

1. Summer Internship should be 3-4 weeks long or should have min 120 hours and max 160 hours of internship.
2. Students have to write a brief report which will be signed by the intern supervisor on sight.
3. Daily log has to be maintained by students during internships which will be duly signed by the concerned person.
4. The students travelling to India or overseas need to find a place/organization for internship on their own.

A summer internship will stand out on a students' resume and is the best thing a young person can do to prepare for the real world and college graduation. The school is also providing internship programs to students in Dubai; interested students may contact the **Career Counselor of JSS Private School.**

Regards,

Chitra Sharma
Principal
