Dear Parents

The most precious gift you can give someone is the gift of your time. And there is no better way than to volunteer to give back to the community. Volunteering is multi-faceted and is important to our community. It enriches us as individuals and binds us together. Volunteers are integral to our society.

One reason people hesitate to get involved in volunteer work is that they don't know where to start. Lucky for students in the UAE opportunities to volunteer are available. Students who wish to volunteer can go to the following websites for further information:

- 1) For Al Jalila Hospital - <https://www.aljalilachildrens.ae/al-jalila-childrens-hospital-launches-inspirational-volunteering-programme/>
- 2) Dubai Cares - <http://www.dubaicare.ae/en/section/get-involved/section-6>
- 3) The UAE Volunteer Program - <https://volunteers.ae/index.aspx>

Wishing you a restful vacation and happy use of the time .
