

Continuing the humanitarian legacy of the nation's founder HH Sheikh Zayed, the parent forum and Islamic committee celebrate the True Spirit of Eid.

We at JSS Private School believe in giving with both hands to the less needy. It is a trait we have inculcated from watching our parents

The vision of HH Sheikh Zayed lives on! Continuing the humanitarian legacy of the nation's founder, HH Sheikh Zayed the JSSPS family distributed gifts to the ancillary staff as part of its annual Eidia celebrations. An initiative by the parent forum and Islamic committee.

Celebrating the end of the holy month of Ramadan and the Year of Zayed, the parent forum members of JSS Private School organized a program in the school premises to gift Eidia to the bus drivers, monitors and helpers in the true spirit of Ramadan.

The Eidia kit contained a perfume, a mug, a tube of toothpaste, a face wash, some tea powder and other items of daily use.

The parent forum members were joined by the Principal, the Head Mistress, and a few teachers in giving these gifts to the blue collar staff of our school while the rest of us watched and swelled with pride at the act of kindness our parents displayed.

Mary aunty, a bus monitor, was heard thanking the organizers. In her thanks to them she exclaimed, 'It is not the gifts that are in the bag that counts, but the fact that all of you thought of us that has made us happy'.

It was a short event, but the lesson it has taught us, is profound. Watching our elders perform these acts of kindness is what will mould us into humans that the world needs more of.
