

I felt privileged after visiting Al Noor Centre for Special Needs..... Ronak Pai grade 6 B.

My name is Ronak Pai. I'm from Grade 6 B. I along with my friends visited the Al Noor Centre for Special needs to donate the funds we raised in the tuck shop conducted by our class.

The time spent there was priceless as being with the little children took me to a wonderful world. We spent a short, but a sweet time with the lovely children.

We were guided through the place by a very kind lady named Apple who really took good care of us.

We spoke to the little children who responded beautifully in their own sweet way, though some were very shy.

Today , I really feel privileged to be blessed with all what God has blessed me with, after seeing the state of those pretty faces.

It was a great experience for me and my team of friends and I shall always look forward to more such opportunities in future.
