

JSS PS – Students conduct Ramadan Labour Camp Donation

This year the students of JSS Private School Dubai initiated a different kind of Ramadan Charity Drive. It was to the ladies labour camp on Friday 19th June, 2015. This was an initiative by the school's Hope Club to reach out to the needy members of the society.

6 students and 3 teachers went out of their way to lend a helping hand to the ladies of the camp. Each labourer received a goody bag consisting of food grains oil and sugar .

The labour camp housed around two hundred labourers of mixed nationality. After handing over the goody bags, the students visited the kitchen and took a look around the camp.

There was one common kitchen for all the women. There was no air conditioner in the kitchen. One could literally see sweat trickling down their faces while they cooked their daily meals. The kitchen also had fridges for the ladies in which they stored their food. The fridges were locked. The rooms were extremely small and accommodated around eight labourers. They keep their surroundings neat, and the toilets were very clean.

Amazingly one thing in common among them – their smiling faces . It was admirable to note that these women living in such meagre conditions were really content and satisfied with what they had.

Indeed a reminder for all of us to be happy and grateful with what we have.

Nothing comes easy and working hard now, will pay in the future.

Students must have gratitude for the love and care parents have for them .
