

Students of JSS PS collect old clothes for School Cleaners and Bus Monitors.

The students of JSS PS were happy to contribute to the collection of old clothes for the school bus monitors and cleaners.

Students across all grades and sections were generously bringing packets of clothes to be donated to their much loved aunties who bring them to school every-day.

The clothes collected were sorted by the students of the middle school into three categories, men women and children.

The bus monitors were invited to pick clothes as per their own preferences

Most of them took the clothes very happily as the collection was prior to the summer vacation when many of them would be travelling to their home country.
