

Innovative Fundraiser by students of grade 4 - MYSTERY BOX MISSION

True to the above statement, four students of grade 4A (Irene Philip, Sakshi V. Nair, Sanika Jayesh and Jayden Fernandes) proved that they not only had the grandest intention of doing their mite for the needy but in the bargain came up with an innovative idea for fund raising. This initiative was to contribute to AL NOOR TRAINING CENTER FOR CHILDREN WITH SPECIAL NEEDS.

They named it 'Mystery Box Mission'. Students made packets of colourful toffees and chocolates and placed them inside the Mystery Box. Each buyer gave their contribution, put their hand into the Mystery Box and picked out one of the chocolate packets. That way, the children were motivated to share their blessings with the less fortunate and at the same time got some goodies too.

This was a learning experience for the children of Grade 4 and 5 in the sense that we will surely be rewarded for our good deeds sooner or later. They also realized that the amount that is trifle to us can be precious to others.

These volunteers bore the testimony to the statement 'Volunteers do not necessarily have the time; they just have the heart.'

With this initiative, the students collected an amount of Dh. 250 and proved that in our lives, we may not be able to do great things but we can do small things with great love.

As our students have made a beginning towards contributing to the society, we hope the chain gets extended and expanded in the months and years to come.
