

Grade 1 Students of JSS PS initiate CARDS FOR A CAUSE

As part of the phase wise community outreach program the students of grade 1 have been encouraged to initiate “ Cards For a Cause”.

Under the able guidance of their Art teacher the talented artists of grade 1 turned the blank pieces of papers to colorful cards. The materials used were small bits of color papers which were left over from previous projects. The creativity of the children was evident in their handling of scrap papers and assembling them to decorate the cute little cards.

These were then sold to the visiting Kindergarten parents who were delighted to take such creative pieces home when they came to know the makers and their purpose. Every single card was bought and we felt sorry for the eager buyers who could not get more. The proceeds from this sale was given for charity in the holy month of Ramadan.

The generous contributors towards this noble cause were thanked profusely by Aradhya Joshi during the Kindergarten assembly on the 23rd of June.
