We firmly believe that every child has the potential to succeed, and our dedicated team is committed to guiding each student to reach his or her fullest potential.

Academic year 2026-2027 calendar has been received from the KHDA. Please find below the important dates:

Start of summer break	Friday, July 3, 2026

We hope that all members of our school community are safe and in good health. During these unprecedented times, the safety and well-being of our students, parents, and staff remain our highest priority. In light of the current situation, and in accordance with the guidance received from KHDA and the Ministry of Education, the school has temporarily transitioned to online learning. As a result, the scheduled examinations have been cancelled.

Considering these developments, the upcoming orientation sessions for parents and students will

also be conducted online. These sessions are designed to familiarize families with the academic expectations, curriculum structure, school policies, and the digital learning platforms that will be used during the new academic year.

The orientation will also provide an opportunity for parents and students to interact with the school leadership and teaching faculty, ask questions, and gain clarity about the learning journey ahead.
