Till the suggested reopening dates, distance learning will continue as usual

As per current guidelines, school transport services will be operational. Indicate whether your child will opt for school transport or own transport in the survey link below. Your response will help us finalize staffing arrangements, classroom allocations, student grouping, and arrival/dismissal procedures. Based on your responses, transport department will get in touch with you regarding further updates.

• **Arrival and Dismissal Procedures:**

To ensure safety and avoid crowding, students will use designated entry and exit gates. (Details will be provided later)

- Age-appropriate safety briefings for students

• **Staff Preparedness:**

All staff members are undergoing mandatory training on updated health, safety, safeguarding, and operational procedures prior to reopening.

Through online orientations/circulars, parents will be informed further about school preparedness and safety protocols. Class teachers will keep you informed about the timetable, textbooks, and uniforms.

We are diligently preparing our campus to ensure every safety protocol aligns strictly with the official KHDA guidelines. Please be assured that all necessary health and safety measures will be fully implemented and verified before we welcome our students back for on-site learning.

There is nothing quite like the energy of our students filling the hallways, and we cannot wait to welcome them back to campus. Please rest assured that the safety of our community remains our highest priority; the formal resumption of on-campus classes will commence just as soon as all final approvals from the KHDA and relevant authorities are in place.

We are so excited to embark on this next chapter together and look forward to seeing our students back where they belong—learning, growing, and thriving in person!

Warm regards,

Sd/_
