Subject: Let's Fix Fashion circular for middle and senior school

Dear Parents,

Greetings from JSS Private School.

We are pleased to invite students aged 11 years and above to participate in Let's Fix Fashion (LFF), an international education-focused sustainability campaign that empowers young people to explore the environmental and social impacts of fast fashion and become advocates for more responsible choices.

Through engaging workshops, webinars, clothes swaps and creative activities, students will explore fashion waste, sustainable consumption, ethical production and the principles of a circular economy. The programme culminates in a student catwalk event, providing participants with an opportunity to creatively showcase their learning and sustainable fashion ideas.

Let's Fix Fashion brings together young people from Ireland, Kenya, South Africa and the United Arab Emirates, creating opportunities for students to engage with diverse perspectives while examining a global sustainability challenge.

Through their participation, students will have opportunities to:

- understand the environmental and social impact of fast fashion;
- explore sustainable consumption, ethical production and circular economy principles;
- collaborate and exchange ideas with young people from different countries;
- develop critical thinking, creativity and problem-solving skills;
- identify practical actions that can contribute to a more sustainable future; and
- become informed and responsible advocates for sustainable fashion.

The above is the topic and time line for the sessions. Students in the UAE will be required to attend the sessions online between **4.00 to 5.00 p.m**. on the above-mentioned dates**. October 13th 2026, November 3rd 2026, December 1st 2026, January 26th 2027**. Clothes Swap and Catwalk session will be done in school.

Eligibility: Students aged 11 years and above

Students who are interested in participating are invited to register their interest through the given registration link by Friday 25th September 2026

Registration Link - Phase 3 – Fill out form – For Middle School
Registration Link -Phase 4 – Fill out form – For Senior School

The above initiative will be spearheaded by the Global Committee under the mentorship of Ms. Shamita from the middle school and Ms. Shehnaz from the senior school,

We encourage interested students to take advantage of this opportunity to learn, collaborate and contribute towards creating a more sustainable future

Warm Regards

Sd/-..
