Subject: Flourishing @JSSPS

Dear Parents,

Greetings from JSS Private School!

Flourishing @JSSPS is our school's own wellbeing platform. Each day your child takes about a minute to say how they are feeling. There are no right answers, no scores, and nothing that affects their grades.

Why the daily check-in matters

A child who feels worried or left out cannot give their best to learning. One check-in is a moment; many become a pattern, and a pattern is something we can act on. A child who quietly says "worried" for several days may never tell an adult, but Flourishing notices, and our counselling team can step in early rather than after the term report.

There is also an "I need support" button. When a child uses it, a named member of the counselling team is alerted at once and will come and find them.

Linking wellbeing to learning

This year we will also look at how each class is progressing academically at Midterm and at the end of the year, and set that beside wellbeing. It should show us whether a dip in how children feel appears before a dip in results, so we can act on the cause rather than the symptom. This uses class-level figures only: no individual marks, and no child's wellbeing is ever set against their own results.

Getting started

Go to **flourishing.atmirah.com** on a phone, tablet or computer.

1. Sign in with the password your class teacher gives you.
2. Choose your own password. It must be at least 8 letters. Joining two words together works well, but do not use your name.
3. Tap "Tap to check in", choose how you feel, and tap "Send my check-in".
4. If you would like some support, you may tick the box to let your class teacher know. They will only know that you would like support, never what you wrote.
5. If you need to talk to someone now, tap "I need support". A member of the counselling team will come and find you.

If your child forgets their password, their class teacher can give them a new one straight away.

How you can help

Please ask your child each day whether they have checked in, as you would about homework. A minute a day is all it takes.

Anything your child writes is read only by the counselling team. We report what we learn at class and year group level, never child by child. If you would like to see what your child sees, please contact IPC team in the school .

Thank you for your support.

Regards,
